## Instructions:

- List all performers **within each event** in alphabetical order, regardless of class, surname first. Classify entrants by event, not by name.
- Spreadsheet must follow the event sequence listed in the *Federation Festivals Bulletin*. For example, spreadsheets will begin with Piano Solo, listing all performers who received a rating in that event in alphabetical order.
- Events must be titled EXACTLY as listed in the Bulletin. Be specific. Events not listed in the *Festivals Bulletin* will not be recognized by NFMC.
- Type or print form neatly. **Leave a space between each event section**.
- List the performers who actually participated/received a rating. Do not include no shows, withdrawals, or "comments only" students.
- Record the total number of consecutive superiors in the first left hand column; include the current year. For example, use "1" if the current year is the first of the sequence of superiors.
- Record class and rating for last year and the current year in the two right hand columns (required).
- All requested information must be submitted on this form. Only official NFMC ratings should be reflected.
- Area Admin/Chair: send one copy to the State Admin/Chair and keep one copy for the Area/District files.
